ATTACHMENT B

IAP20 Rec'd PGT/PTO 30 JAN 2006

REMARKS

By this preliminary amendment, the Appendix which was included in the priority document, namely the provisional application serial number 60/490,984, filed July 30, 2003 and incorporated by reference into the International Application, is being reinserted into the application. Such an amendment is appropriate under 37 CFR §1.57 since the International application claimed the benefit of the provisional application and incorporated the provisional application by reference, and since it is clear that the Appendix was inadvertently omitted from the International application which makes reference to the Appendix, e.g., at Page 19 and Page 27 (see claim 27). Accordingly, the present Appendix, which was originally included after page 13 of the provisional application, is appropriately reinserted in the present application which has now been amended to include the inadvertently omitted portion.

Entrance of the present amendment, and examination and allowance of the present application, is thus requested at the earliest possible time.
